

Primrose Landscaping LLC Participates in
"GreenCare for Troops"
To Support Local Military Families

By Carrie Bayer
July 14, 2014

East Stroudsburg, PA - Primrose Landscaping LLC is participating in "GreenCare for Troops" in Monroe County, East Stroudsburg, PA. "GreenCare for Troops" is a nationwide outreach program initiated by Project EverGreen that connects participating local lawn and landscape firms with families of the men and women away from home serving our country in the armed forces.

In announcing the new program, Tim Primrose, President said, "Lawn and landscape maintenance becomes a definite hardship when a family's major breadwinner is on active duty away from home. The "GreenCare for Troops" program seeks to ease this stress by helping affected families with the important task of caring for their yard and landscape."

Families interested in applying for the "GreenCare for Troops" program should contact Primrose Landscaping (www.primroselandscapingllc.com) at (570)223-2580. Participation is limited. To learn more, they may access the Project EverGreen website at www.projectevergreen.com or call toll-free (888)611-2955.

About Primrose Landscaping LLC

Based out of East Stroudsburg, PA, Primrose Landscaping LLC has been beautifying the Pocono Mountains since 1999. President and Owner, Tim Primrose, has deep roots in the community and is committed to providing outstanding services including commercial landscaping, residential landscaping, hardscaping services and snow plowing services to property owners, condominium associations, apartment complexes and home owners.

About Project EverGreen

Headquartered in Mentor, Ohio, Project EverGreen is a national non-profit organization representing green industry service providers, associations, suppliers/distributors, media companies, other organizations and individuals. Project EverGreen's mission is to preserve and enhance green spaces in our communities where we live, work and play.

Project EverGreen is conducting a national media campaign to inform U.S. consumers on positive effects of well-maintained green spaces, including lawn and landscapes, sports turf, golf courses and parks.
